The Council of Ministers Decide to Liberate the Prisoner.

THE ORDER HELD UP.

To Keep Down Demonstrations Dreyfus Will Be Sent Abroad When the Pardon Is Promulgated—Excitement at Rennes.

Paris, Sept. 19.—Captain Alfred Dreyfus convicted by courtmartial on a charge of treason, with extenuating circumstances, has been pardoned by the council of ministers.

The pardon will take effect in a few days. Dreyfus has relinquished his appeal for a revision of the judgment of the courtmartial.

It is said Dreyfus will be sent abroad before the promulgation of pardon, in order to avoid demonstrations.

When the newsboys ran with the first editions containing a statement that the cabinet had decided to pardon Dreyfus, the newspapers sold quickly, but there was no rush for them upon the part of the Boulevarders. Those who bought papers sat down in front of the cafes and read the announcement without comment. Every one expected it and the decision met with no opposition.

There is much remark here on the strange coincidence of the death of Schurer-Kestner, the first champion of Dreyfus, and to whom Dreyfus virtually owes his freedom, on the very day the cabinet decided to pardon the prisoner.

Caused Excitement at Rennes.

Rennes, Sept. 19.—The news that the council of ministers decided to pardon Dreyfus was received here with intense excitement. Dreyfus is still a prisoner here.

Champion of Dreyfus Dead.

Paris, Sept. 19.—M. Scheurer-Kestner, former vice-president of the senate and champion of Dreyfus, is dead.

Charged to the Strikers.

Chattanooga, Sept. 19.—A special from Dayton, Tenn., says some unknown parties set fire to the property of the Dayton Coal and Iron company at 1 o'clock this morning, burning down the powerhouse, coal bunkers and other property. It is estimated the loss is \$15,000; but the damage is greater to the mines, for they are flooded with water, the pumps having been destroyed. The miners there have been on a strike for some time, which is yet unsettled, and the company has a theory that it was the work of some of the strikers.

Evidence of Murder.

Coffeyville, Kas., Sept. 19.—The body of a man was found buried about six inches deep in a cornfield near Dewey, I. T., 30 miles southwest of here. It had evidently been there some time, for it was so badly decomposed that identification was impossible. A blow had been struck on the head with an ax, or some other deadly weapon. The affair is a mystery, for no one has been missing in the neighborhood. The body was given decent burial.

Killed the Wrong Man.

Center, Ala., Sept. 19.—Henry Martin shot and instantly killed James Reed near here. Claud Reed, son of the dead man, married Martin's daughter Friday and Martin has been hunting the young man, and it is supposed he killed the old man by mistake, as they were good friends. The sheriff with a posse is in pursuit of Martin.

Chester Wagon Works Burned.

Chester, Ills., Sept. 19.—The Pomorski Wagon works, located near the river bank, was destroyed by fire together with the residence of the proprietor, Joseph Pomorski. The fire was started by the explosion of a gasoline stove. The loss on buildings and stock is about \$9000, on which there is an insurance of \$4600.

His Condition Precarious.

Orange, Tex., Sept. 19.—George Harrison, a scenic artist, who was engaged upon a new drop curtain at the opera house fell 20 feet, striking the floor with his head, from which he sustained a wound that ripped up two and a half inches of his scalp. He is still alive, but is in a precarious condition.

Kerosene Oil Accident.

Nacogdoches, Tex., Sept. 19.—A serious kerosene oil accident occurred six miles east of here. Berry Patton, a colored farmer, lost his dwelling house and contents. His wife was badly burned and may die. She tried to refill a burning lamp and the oil exploded.

Negro Found Dead.

Marlin, Tex., Sept. 19.—A negro 17 or 18 years old was found dead on the railroad track a short distance south of the passenger depot. He was a stranger. It is thought by some that his death was not caused by the train, but that foul play had been dealt him.

A Farmer Stabbed.

Sherman, Tex., Sept. 19.—On the Art Henry place, six miles east of Denison, R. Fisher, a farmer, was fearfully and perhaps fatally stabbed. A complaint was filed against a negro charged with an assault to murder. No arrest has been made.

Lumber Burned.

Lowville, N. Y., Sept. 19.—Theo. Baselin's sawmill and 10 acres of lumber burned here; loss \$250,000.

PREACHER FLOGGED.

He Is Whipped for Escaping From the Ohio Penitentiary at Columbus.

Columbus, O., Sept. 19.—Rev. G. F. B. Howard, who has taught college students the principle of logic and who has ministered to large and fashionable congregations in several places, was compelled to bend over a box while a lusty guard vigorously applied a hickory paddle at the Ohio penitentiary.

Howard was returned Sunday to the penitentiary from which he escaped Sept. 13, 1894. He was captured at Horton, Mich., where he was pastor of the leading congregation of that village. Howard had little to say when brought

REV. G. F. B. HOWARD.

into the prison court. The pastor of the now shepherdless flocks in Illinois and Michigan was taken into the ante-room where he was made to bend over a bench while a hickory paddle in the hands of a stout guard was laid on his anatomy in a manner not calculated to inspire pulpit oratory. Howard lost all of the good time he had gained, about 400 days, and was taken to the idle house to await assignment to one of the hardest tasks in the prison.

WRECK IN MISSISSIPPI.

One Person Killed and Nine Injured by a Trainman's Mistake.

Meridian, Miss., Sept. 19.—A disastrous and fatal head-on collision occurred on the Mobile and Ohio railroad between Lauderdale and Lockhart on what is known as the zigzag curve in which there was one man killed and nine injured.

Floyd Munn, a negro from Shuqualak, Miss., was found mangled in the debris of a box car with his head split in twain.

The injured are:
E. P. Maiden, engineer, right leg sprained and bruised.

Buck Alvarez, conductor, back wrenched and hurt internally.

W. G. Bailey, engineer, bruised from jumping.

John Johnson, colored, fireman, seriously injured internally.

James Swan, colored, fireman, internal injuries.

A. D. Kimbrough, front brakeman, shoulder hurt and neck cut.

Philip Malone, colored, employe of work train, bruised and hurt internally.

Mitchell Simpson, colored, employe on work train, injured internally.

Negro tramp from Macon, Miss., leg broken and seriously hurt, probably fatal.

Engineer Haiden on engine 104 overlooked his orders and did not wait at Lockhart for No. 31, but went down Lockhart grade at a terrible speed and met the train on the main line on the zigzag curve in a cut. When the two engines were about ten car lengths apart the reflection from the headlights warned the engineers that a collision was inevitable. They jumped just in time to save their lives.

The wreck was one of the most disastrous that has occurred on the Mobile and Ohio for years. Several cars were torn into kindling wood and one engine was converted into scrap iron.

The injured were brought to Meridian for medical treatment.

SMALLPOX.

Case at Victoria.

Victoria, Tex., Sept. 19.—Monday afternoon after investigation it was found that Emery Hall, a young man who had been to Mexico and just returned, was a victim of smallpox. Flags were placed on the premises and the place is well guarded.

Denton, Tex., Sept. 19.—A case of smallpox has developed in the southeastern part of the city in the person of Mrs. R. H. Bradford. Precautionary measures have been taken.

Ennis, Tex., Sept. 19.—K. S. Fisher of this city, has received his commission from President McKinley as census supervisor for the sixth district of Texas. He will establish his headquarters at Ennis and divide the seven counties of the district in subdivisions and appoint about 150 assistants.

WEDNESDAY SEPT. 20, 1899.

Farm and Ranch of September 8th discusses orchard cultivation. The editor of the Orchard and Garden Department, referring to an article by Mr. Hale, the great peach grower, says:

"Mr. Hale who is, perhaps, the most extensive orchardist in the South, declares that if a man does not purpose cultivating his trees it were better not to plant them at all. It is indeed a painful sight to see a tree that has made a vigorous growth the forepart of the season and seems to rejoice in the sunshine and showers of springtime, left to battle against summer heat and drouth, with the soil baked all about it and grass and weeds drinking up its life, the soil moisture, and the food upon which it lives. Such neglect is just a little less reprehensible than putting a young pig in a pen and deliberately starving it by inches. Who says that a tree does not suffer agony of thirst just as men or animals? May not they appear in the final asizes and accuse the men who plants and then wilfully neglects and leaves them to a lingering death."

The trend of prescription trade is wending its way to Emmel.

THE SITUATION GRAVE.

Four Hundred Cases of Yellow Fever at Key West and Still Spreading.

Washington, Sept. 19. - The yellow fever situation at Key West is regarded as grave. Since the first case was reported, about two weeks ago, the epidemic has been steadily growing until today there are almost 400 cases, new cases appearing at the rate of about 30 a day, but the mortality low. Fifty-four cases and two deaths reported Sunday and Monday.

Attendant Hall, one of the Marine hospital staff, who developed the disease, has been isolated.

As Key West is situated below the frost line, the epidemic will have to run its course. The Marine hospital service has been directing its efforts to confining the epidemic to the island and been rewarded with signal success. Only one infected person is known to have escaped and he was discovered at Miami and isolated. Since recovered.

One new case of fever was reported to the surgeon general from New Orleans today.

Monday's Record.

Washington, Sept. 19. - The following is the yellow fever record for Monday: New Orleans - One new case, making 10 since the fever broke out.

Key West - Fifty-four new cases, making a total of 362 cases and 15 deaths to date.

Jackson - No new cases in the state.

No Yellow Fever There.

Jackson, Miss., Sept. 19. - The report from Ellisville that one or two cases of yellow fever had been discovered at Hattiesburg is considered incorrect as the state board of health has received no advices on the subject from Dr. Watkins the health officer there.

TRANSVAAL TROUBLE.

It Is Reported the Boers Have Issued a Conciliatory Message.

London, Sept. 19. - There is an unverified rumor from Cape Town that the Boers have delivered another message to the British high commissioner, Sir Alfred Milner, more conciliatory than that of Monday. The rumor, however, fails to obtain much credence and is not taken in any way as mitigating the seriousness of a crisis.

The outlander press sees nothing but war ahead and urges the outlanders to leave immediately.

The London press is now inclined to take the view that the recent action on the part of the Boers does not make war a certainty, though it does place the British cabinet in a position where it must take steps so aggressive that war or utter ignominious submission will be the only alternatives remaining to the Transvaal, and is by no means so persistent in urging the government to move, except in the matter of hurrying troops to the present scene of action.

The Pall Mall Gazette prints a dispatch from Cape Town which says:

"The general impression is that the Boers will at once take the initiative and an attack is expected at any hour."

Troops continue to leave Cape Town for Kimberly and the north, and the first-class cruiser Terrible, sailing from Portsmouth for China, it is reported, has been ordered to go by the way of Cape Town instead of by Suez. Nothing is yet known regarding the date of the expected cabinet council.

Boers Are Massing.

London, Sept. 19. - The special dispatches from South Africa confirm the report telegraphed Sunday that the Boers are massing artillery in positions commanding Laings Nek. Small Boer detachments occupy positions above Buffalo river.

The members of the Afrikaner bond in Cape Town intend to convene the bond in congress to consider the situation.

A Bloemfontein paper reports the dismissal of several Englishmen from the Bloemfontein police force because of their refusal to serve on the command.

Want Increase Circulation.

Washington, Sept. 19. - The comptroller of the currency has received applications for an increase of circulation from four New York banks, amounting to about \$1,000,000. This action on the part of the banks is not at all unusual at this season of the year, and so far as known at the treasury department there is no concerted movement on the part of the banks to increase the circulation by any large amount as has been rumored.

He Forged Names.

Washington, Sept. 19. - A dispatch has been received at the war department regarding Private Lawrence D. Hoon of the Ninth infantry who was the subject of a letter from Governor Bushnell to President McKinley protesting against the sentence of a courtmartial at Manila. General Otis says the petition presented by Hoon had the names of several members of his company forged to it and it was for this crime that he was convicted.

May Bar Loving's Company.

Austin, Sept. 19. - It is reported that Promoter George B. Loving may have some difficulty in securing a permit to do business in Texas for his \$25,000,000 syndicate to be incorporated in New Jersey. It is well known that the state officials are opposed to the plan of incorporation in other states to do business in Texas. The laws of Texas permit of the incorporation of such companies as this and state officials are inclined to force all corporations doing business in this state to take out charters here.

FROM MADISON COUNTY.

A Happy Wedding - Society and News Notes.

Zulrich, Tex., Sept. 16. - We will make our appearance again as it has been some time since we had any thing to say. If news were as plentiful as sickness we wouldn't be at any loss for some thing to write.

Picking cotton and gathering corn is all the go, now-a-days with the farmers.

At the residence of the bride's parents, Mr. and Mrs. Joe Davis, their daughter, Miss Lula, was married to Mr. Robert Seal last Wednesday night, September 6. Rev. Black pastor of the Baptist church of this place, performed the ceremony. The attendants at the wedding were Messrs. Eddie Burney and Edwin Vernon, Misses Rosy Taylor and Nina Reddin. After the marriage the large crowd had the pleasure of enjoying a candy breaking. The bride is one of Madison county's fairest flowers, and the groom is also well known and highly respected in this county. Their many friends wish them a long and happy life.

Mr. Scroggins and daughter Miss Alice attended preaching near here last first Sunday.

Mrs. Jim Powell and Mrs. Henry Taylor of near Spring Hill visited Mrs. Lizzie Akins yesterday.

We learn Mr. John Hopkins has returned from East Texas and will make his home near this place.

SMALL CHANGE.

Fractional Silver dwindled to Almost Nothing in the Treasury.

Washington, Sept. 19.—Fractional silver coins are in almost as great demand at the treasury as are small bills. The revival of business all over the country has absorbed the supply of dimes, quarters, and half dollars so rapidly that the treasury will soon be entirely out of coins of these denominations. By a joint resolution of congress passed in 1876 providing the redemption of the fractional paper currency then in circulation, the secretary of the treasury was authorized to purchase silver bullion and coin fractional silver to be issued in redeeming the fractional paper. He was also authorized to put these coins in circulation to an amount not over \$50,000,000, including the fractional silver already outstanding. As during the suspension of specie payments, most of the fractional silver was withdrawn from circulation, it was impossible for the treasury department to estimate accurately the amount outstanding. The resumption of specie payment brought the old coins out again and it was estimated that with new coins, the total amount in circulation was \$76,000,000.

This was more than was needed for the business of the country at that time and a large amount of it found its way into the treasury, which at one time held as much as \$36,000,000 in these coins. On July 1, 1898 the treasury held about \$12,000,000. That has now been reduced to \$3,000,000. During the last two weeks \$1,500,000 has been taken and the demand still continues.

Secretary Gage last year recommended to congress legislation authorizing the coinage of additional fractional silver, but no action was taken. Both he and Mr. Roberts, the director of the mint, will make urgent recommendations this year that authority be given to increase the supply. As there is no limitation in law on the amount of these coins that can be issued, they are being supplied. At the Philadelphia mint seven coinage presses, one-half of the capacity of the mint, are working out nickels.

Immigrants for Hawaii.

New York, Sept. 19.—A special to The Herald from Washington says that immigration from the north of Italy and from Sweden is to be invited by Hawaii.

The Hawaiian minister of finance has been at the treasury department to consult officials. He said that he was on his way to Europe to secure immigrants from among the better classes of northern Italy and Sweden to Hawaii, and inquired if any obstacle would be placed in the way under the United States immigration laws. Assistant Secretary Taylor told him that as congress had not yet extended the immigration laws to Hawaii, the government could not interfere, and moreover, had no desire to do so, if the class of immigrants secured was good.

Strike on Transports.

San Francisco, Sept. 19.—The expected strike on the government transports is now on. The boilermakers on the Tacoma and Sheridan have struck and the painters may follow suit. The coal passers and firemen on the Centennial also struck. Their places have been filled. The boilermakers demand 10 hours pay for a days work of 8 hours. The contractors offer 10 hours pay for a 9-hour day.

A deserter named Schloesser is suspected. He is believed to have escaped to France.

No Mercy for Assaulters.

Washington, Sept. 19.—Privates Dam-hoffer and Conine, sentenced to death by courtmartial at Manila for assaulting Filipino women, will not receive any mercy at the hands of the president. The sentence of the courtmartial will be carried out if its proceedings are found to be regular.

PROTEST FROM CHINA

Objects to the Chinese Being Ex-
cluded From the Philippines.

REGARDED SERIOUS.

Chinese Government Claims the Act to
Be a Violation of Treaties and
Contrary to International
Law of the Country.

Washington, Sept. 19.—The imperial Chinese government, through its minister here, Wu Ting Fang, has lodged with the state department an emphatic protest against the military order of General Otis, excluding Chinese from the Philippines. Neither the state department nor the Chinese legation will give any information concerning the protest, but from entirely reliable quarters it is learned that it insists that Gen. Otis' action is contrary to international law, in violation of existing treaties, and in complete disregard of the friendly relations which have been so long maintained between the two countries. Minister Wu called at the state department last Friday and it is believed he submitted the protest in person at that time.

The matter was promptly brought to the attention of the president, as the protest was of such a character as to give the subject an international aspect considerably beyond the purely military questions involved. It is said that China points out that she has welcomed the recent advent of the United States into the affairs of the far east and has hoped that this step would prove a further bond and would extend the relations between the two countries, particularly in their neighboring possessions. Furthermore, it is expected that among the specific points of protest submitted by the Chinese government, is one to the effect that such an order is a departure from the announced purpose of the president of the United States to maintain the present status of affairs in the Philippines until congress had determined a permanent condition.

The military phases of the question have been referred to Secretary Root, owing to his familiarity with international law, he will probably consider the subject broadly, both in its international as well as its military aspects. General Otis' order was issued some time ago, without direction from Washington and apparently as the military necessity, although the Chinese protest urges that there is no such military necessity, but on the contrary that the Chinese have rendered valuable military assistance.

Prevented by the Rainy Season.

Washington, Sept. 19.—According to official advices received at the war department General Otis has been disappointed in carrying out several military movements contemplated at this time by reason of the continued rains. He fears now that the American troops will be able to do little if anything in the way of aggressive action before Nov. 1. The authorities had hoped to get news of several important engagements, plans of which they have known for some time.

In some respects they consider that the delay will be beneficial. By Nov. 1 General Otis will have 10,000 more men, and will therefore be able to put a larger army in the field and begin a much more aggressive campaign than is possible at present.

Pontoons for Manila.

New York, Sept. 19.—The engineers at Willets Point have worked hard getting out pontoons. These are to be sent to Manila. The order to ship them came last Saturday. The pontoons were taken out to the dock and will be put on a lighter and sent to Jersey City, where they will be loaded on flat cars. They will go to San Francisco where they will be forwarded to Manila. A detail of 24 men and three noncommissioned officers will accompany them to San Francisco.

Hog Attacks a Woman.

Shawnee, I. T., Sept. 19.—While Mrs. Perry Rose, living near Shawnee, was picking peaches a savage hog grabbed her by the ankle, pulled her to the ground and broke her leg, tore her arm in a terrible manner, and would not doubt have killed her but for the timely arrival of her husband, who drove the animal away with difficulty.

Another Advance in Oil.

Corsicana, Tex., Sept. 19.—The J. S. Cullinan & Co. Pipe Line company have posted in their office another advance in crude petroleum of 5 cents per barrel. This puts Corsicana crude oil up to 85 cents per barrel, and the advance is in sympathy with recent advances made in the price of eastern oil by the Standard Oil company.

DEWEY'S OFFICERS.

Many Will Be at New York to Welcome the Admiral.

Washington, Sept. 19.—Acting Secretary of the Navy Allen, has perfected arrangements for the participation in the Dewey celebrated of New York of nearly all the captains of the squadron which destroyed Admiral Montejó's warships in Manila bay. Captain Charles Gridley, who commanded the Olympia, died while on his way home, and Captain Lamberton, now in command of the Olympia, and who was Dewey's chief of staff in the battle, is returning with Admiral Dewey. Capt. Joseph B. Coghlan, who commanded the Raleigh, is in this country at Port Orchard, Wash.; Commander Asa Walker, who was relieved of the command of the Concord last April, is now in Washington; Captain Dyer, who commanded the Baltimore, is on leave at his home, Commander Wood, who commanded the gunboat Petrel, is inspector of the Fifth light house district, with headquarters in Baltimore, and Captain Frank Wildes the commander of the New York navy yard.

Rear Admiral Schley will also take part in the celebration though without orders from the department. The admiral has not received an invitation from the New York committee, but he desires to take part in his personal capacity and to join with others in welcoming the hero of Manila. He feels that there should not be any official participation by officers likely to attract any attention from Dewey, because of the desirability of making the celebration one of welcome to Dewey alone.

BUYING RANCHES.

Swift and Associates Will Raise Some of Their Own Cattle.

Kansas City, Sept. 19.—G. F. Swift, the Chicago packer; Charles Coffman and C. T. Hall of this city; W. H. Jennings and C. F. Clamp of San Antonio, Tex., and H. Jennings and R. L. Ellison of Fort Worth, Tex., were in conference here examining the titles to a number of ranches which, it is said, the Swift interests contemplates purchasing. Among them is the Childress ranch in the Panhandle of Texas, containing in the neighborhood of 200,000 acres and upon which 10,000 head of cattle are now grazing.

It was only a few days ago that the Swifts purchased the O'Keefe ranch in Gaines county, Texas, containing 180,000 acres, and it is stated that Swift & Co. and Nelson Morris, who has also recently invested heavily in ranches, will raise cattle on a large scale.

A WIFE'S JEALOUSY.

It Caused the Serious Wounding of Both Husband and Wife.

Fort Huron, Mich., Sept. 19.—As a result of a domestic quarrel here Judson Herrenden has three bullets in his body and Mrs. Herrenden is dying. After the shots were fired the wounded man was found staggering about his apartments with blood pouring from the three wounds. His wife lay across her bed unconscious with a bullet wound in her temple.

Herrenden says his wife suddenly rose from the breakfast table and left the room. She returned, revolver in hand, and fired three shots at him, wounding him in the neck, elbow and abdomen.

The woman's death is momentarily expected. Herrenden's recovery is very doubtful.

The wife's jealousy appears to have caused the tragedy.

Nelson speaks Spanish and three Indian languages. He was interpreter for Generals Crook, Miles and other noted Indian campaigners.
